

	A	B
1	 A close-up photograph of a yellow fabric with a distinct woven texture, showing a regular grid of threads.	 A close-up photograph of a dark blue material with a leather-like texture, characterized by irregular, pebbled grain patterns.
2	 A close-up photograph of a brown material with a leather-like texture, showing a pebbled grain similar to the dark blue sample.	 A close-up photograph of a light tan or beige material with a leather-like texture, featuring a pebbled grain.
3	 A close-up photograph of a dark blue material with a leather-like texture, showing a pebbled grain.	 A close-up photograph of a dark blue material with a leather-like texture, showing a pebbled grain.

	A	B
4	 A rectangular panel with a vibrant red, textured surface. The texture consists of irregular, overlapping ridges and valleys, giving it a leather-like or crumpled paper appearance.	 A rectangular panel with a light gray, textured surface. The texture is similar to the red panel, featuring irregular, overlapping ridges and valleys.
5	 A rectangular panel with a black, textured surface. The texture is consistent with the other panels, showing irregular, overlapping ridges and valleys.	 A rectangular panel with a dark teal or forest green, textured surface. The texture is consistent with the other panels, showing irregular, overlapping ridges and valleys.
6	 A rectangular panel with a bright orange, textured surface. The texture is consistent with the other panels, showing irregular, overlapping ridges and valleys.	 A rectangular panel with a dark blue, textured surface. The texture is consistent with the other panels, showing irregular, overlapping ridges and valleys.

	A	B
7	 A close-up photograph of a vibrant red surface with a fine, pebbled texture, similar to leather or a synthetic material.	 A close-up photograph of a grey surface with a pebbled texture, similar to the red surface in column A.
8	 A close-up photograph of a white surface with a pebbled texture, similar to the other samples in column A.	 A high-magnification microscopic image showing a cellular structure with a regular, repeating pattern of cells, possibly a cross-section of a biological tissue or a synthetic material.
9	 A close-up photograph of a black surface with a pebbled texture, similar to the other samples in column A.	 A close-up photograph of a tan or light brown surface with a pebbled texture, similar to the other samples in column A.
